

NO STANDSTILL. NO OFF SWITCH. ONLY MOMENTUM.

We're excited to announce Site Selection magazine has ranked Omaha-Council Bluffs the No. 1 Tier-2 metro area (population between 200,000 – 1 million) for new and expanded corporate projects.

This most recent ranking further values the importance of our two-state, regional approach to economic development. It's how we offer the most options to companies interested in locating or expanding here – and the result is a healthy pipeline of projects.

The credit – and the thanks – for this top ranking are spread among a lot of individuals and organizations all sharing the same goal: a business climate where companies can thrive and the economy can keep growing.

WE HAVE MOMENTUM

More than **1,400 young professionals** came together to chart their course at this year's **YP Summit**. The daylong event inspired, motivated and challenged attendees to better themselves and our community. [Read more >>](#)

Nathan Preheim has been hired as the new senior director of entrepreneurship and innovation. Preheim will leverage his unique blend of Fortune 500 and dot-com-Internet startup experience to build Greater Omaha's entrepreneurial and innovation ecosystem. [Read more >>](#)

The Partnership celebrated the power of collaboration and a renewed top honor for the metro area. Site Selection magazine ranked **Omaha-Council Bluffs the #1 Tier-2 metro area** (population between 200,000 – 1 million) for new and expanded corporate projects. [Read more >>](#)

Key findings are in for our **campaign for a Greater Omaha survey**, an online poll of young professionals. YP respondents identified education and civic vitality as most important to them. Based on the results three areas of focus have been identified:

Drive awareness, improvement and advocacy for education and civic vitality without losing touch with other areas important to YPs

Develop a platform to facilitate and promote inclusivity and diversity across the Greater Omaha community

Engage existing and new demographics of young professionals by providing resources to help attract, retain and develop talent in Greater Omaha

WE GET PERSONAL

Nathan Preheim
Senior Director – Entrepreneurship & Innovation

Nathan is actively involved in cultivating entrepreneurial and innovative ideas and activities. His focuses are: connecting entrepreneurs to assistance and programming; facilitating the development of funding for startup companies; developing opportunities to attract new ventures; retaining existing ventures in the region and coordinating programs to improve the "human capital pipeline" for the region's entrepreneurs and innovators.
